

Scouts

Before lockdown we had a good number of scouts coming although not a full troop.

During lockdown we have been meeting virtually once a week, we have met several times of the summer to keep in touch with the scouts. We have done, quizzes, games, escape rooms and badge work.

We have discussed how the Scouts are finding lockdown - how we as adults are finding lockdown and giving them tools to cope. Parents of the scouts who have attended virtually have communicated their support and appreciation that we are still meeting and that the scouts have found it good for them.

We have had no communication from 3 scouts and parents but we will keep communicating from our end. Our plans are to run virtually for September, with the potential to physically meet from October - adhering to any guidelines required. Hopefully this is giving the Scouts time to settle into their new normal with schools and changing schools.

Leaders - Guy and I have decided Robin won't be coming to scouts for a while so it will be either Guy or I there. Dan - was about to leave but his daughter has just joined Scouts and has offered to stay on. Ben is uncertain of his return as his job is changing.

Harrison is our young leader.

Tigz O'Malley
